2004 SUBJECT INDEX

Academic Nursing Centers
Using FTE and RVU Performance Measures to Assess Financial Viability of Academic Nurse-Managed Centers, 124
One Vision of Academic Nursing Centers, 307

Ambulatory Care
Patient Intensity in an Ambulatory Oncology Research Center: A Step Forward for the Field of Ambulatory Care, 59
Patient Intensity in an Ambulatory Oncology Research Center: A Step Forward for the Field of Ambulatory Care — Part II, 120
Patient Intensity in an Ambulatory Oncology Research Center: A Step Forward for the Field of Ambulatory Care — Part III, 193

Editorial (Department)
The Simplified Six: A Leadership Challenge, 5
Rewards: Respect, Responsibility, Relationship, and Recognition, 57
Bad News for the Custodians of Convention, 109
The Three Cs: Competence, Caring, and Cleanliness, 177
Who Knew?, 229
If You Are Not Part of the Solution, You Are Part of the Problem, 293

Emergency Department
Emergency Department: Improving Patient Satisfaction, 71
Using a Balanced Scorecard to Improve the Performance of an Emergency Department, 140

Health Care Economics
The Effects of Preferred Provider Organizations on Costs and Utilization of Hysterectomy, 14
Applying a Nine Cell Financial Analysis Model to Home Health Care, 27
Using FTE and RVU Performance Measures to Assess Financial Viability of Academic Nurse-Managed Centers, 124
Nursing Home Costs and Quality of Care Outcomes, 178
A Cost Comparison of Hand Hygiene Regimens, 196
Essential Health Care: Affordable for All?, 239
Managing the Cost of Specialty Pharmaceuticals, 245
Redirecting Health Care Spending: Consumer-Directed Health Care, 251
Comparing Variations in Labor Costs For Two vs. One Full-Time Nurse Manager, 254

Hygiene
A Cost Comparison of Hand Hygiene Regimens, 196

Health Policy and Politics (Department)
2004: A Federal and State Health Odyssey
A Call to Political Arms, 166

Human Resource Solutions (Department)
HR Help for Religious Holiday Scheduling, Behavior Issues, and Turnover, 39
Recruitment Realities: Building a HR/Nursing Partnership, 86
The Long and Short of Recruitment Strategies, 159
Are You an HR Star? Test Your Knowledge, 214
Putting Success into Succession Planning, 285

Information Systems and Technology (Department)
Clinical IT: Building a Bridge Between Acute and Ambulatory Care, 37
Technology Support of Nursing Excellence: The Magnet Connection, 94
Clinical IT: Powering Up Data Analysis for the Nurse Executive, 147
Nurses and Clinical Technology: Sources of Resistance and Strategies for Acceptance, 216
Addressing the Next Decade of Nursing Challenges, 273
The Ultimate Health Care IT Consumers: How Nurses Transform Patient Data into a Powerful Narrative of Improved Care, 336

International Perspective
Nursing Unit Characteristics and Patient Outcomes, 111
Using a Balanced Scorecard to Improve the Performance of an Emergency Department, 140
Leadership Roundtable (Department)
A Balancing Act: Managing Your Personal and Professional Life — Part III, 41
Patient Advocacy: Roles for Nurses and Leaders, 88
Partners at the Bedside: The Importance of Nurse-Physician Relationships, 161
Disruptive or Disabled? An Interview with Dr. Alexis Polles, About the Professional Enhancement Program, 205
Ethics, Education, and Access, 264
Publish or Perish: The Write Thing for Nursing, 342

Letter to the Editor
165

Long-Term Home Care
Quality of Life and Changes in Health Insurance in Long-Term Home Care, 135

Nursing Administration/Management
Outsourcing Issues for Nurse Practitioner Practices, 21
Emergency Department: Improving Patient Satisfaction, 71
Using FTE and RVU Performance Measures to Assess Financial Viability of Academic Nurse-Manager Centers, 124
Comparing Variations in Labor Costs For Two vs. One Full-Time Nurse Manager, 254
Nurturing Nursing’s Future Through Nurse Executive Partnerships, 258
Social Support in the Workplace: Nurse Leader Implications, 313

Nursing Models
Applying a Nine Cell Financial Analysis Model to Home Health Care, 27
A Model for Testing the Relationship of Nursing Care and Patient Outcomes, 75
A New Approach in Psychiatric Care Delivery, 81

On Leadership (Department)
The Transparent Organization: Leadership in an Open Organization, 33
The Shelf Life of Leaders, 84
The Leader’s Challenge: Meetings, Spiritual Energy, and Sneaker Ratio, 157
Leaders and Windshields: The Art of Deflecting Essential Information, 208
Attending, Questioning, and Quality, 282
Building Confident Organizations by Filling Buckets, Building Infrastructures, and Shining the Flashlight, 333

Patient Safety (Department)

Patient Safety
continued from page 351

the relationships they need to identify and improve patient safety. Trust enables the positive potential, capacity, and capabilities of organizations to open and expand. More conversations among teams become more inclusive; diverse and emerging views become important. People decide to work with those from whom they have been separate. Gaps in patient care are made visible, closed, or bridged, and patient safety improves.$
